The Honorees represent the Gold Standard when it comes to the commitment required, and actions necessary, to successfully mainstream disability in the European workforce, workplace and marketplace. These corporate Honorees serve as the role models all organizations should strive to become. In recognition of each these company's programs, initiatives and educational efforts related to disability, this year's winners will be honored at Springboard Consulting's 6th annual Disability Matters Europe Conference & Awards is to be held 5-7 November 2018, at Seminarhotel Bocken in Horgen, Switzerland.

In addition to celebrating our Honorees and learning about their journeys to success, attendees will be further educated by subject matter experts across the spectrum of disability. This year's Conference, hosted by Dow Europe GmbH, will also inspire attendees with two outstanding and inspirational keynote speakers: Greg Van Borssum, Suicide Prevention Australia Ambassador, GVB Mind Warriors, and Philipp Handler, Paralympic Athlete.

Springboard believes when a company says, "we are committed to diversity;" it is similar to inviting diverse segments of the population to a party. Yet, when a company says, "we are committed to inclusion;" it is similar to asking those individuals to dance. We encourage European business leaders from across their enterprise to attend Disability Matters Europe to be educated, inspired, network, celebrate and commit to the full-inclusion of individuals with disabilities in the workforce, workplace and marketplace.
