

## DOES DISABILITY MATTER TO YOU?

**What:** The 2015 Disability Matters EU Conference & Awards

**When:** 17-18 June, 2015

**Where:** The Hague, The Netherlands

**Why:** Disability Matters, now in its' ninth year, is one of the most important Corporate events in the world with one taking place in the European Union, North America and Asia-Pacific. The EU event is in its' third year with approximately 150 corporate executives in attendance. The highly coveted awards are given to Corporations that are leading the way in mainstreaming disability in their Workforce, Workplace and/or their Marketplace. The conference features experts from corporations, academia, government and the non-profit sector who share best practices relative to successfully embarking on this most important work.

### **Disability Matters is built on the following four pillars:**

**Celebrate:** Springboard Consulting annually honors exemplary organizational initiatives with the Disability Matters Award for the successful promotion, outreach, recruitment, employment, engagement and retention of candidates and employees with disabilities and for the successful promotion, outreach, engagement and retention of consumers with disabilities and those who have children and other dependents with special needs. These award winning initiatives are publicly celebrated at the Disability Matters Awards Ceremony.

**Educate:** Disability Matters Award winners share their best practice initiatives and learnings along the way, throughout the Disability Matters Conference. Their presentations, along with those of our keynote speakers and other professionals, serve as practical tools with scalable solutions that others can utilize within their own organizations.

**Inspire:** Springboard is honored to be associated with organizations whose innovative and pioneering initiatives have proven so powerful in changing their organizations perspective about people with disabilities and their families both as employees and as consumers and realizing that doing so is not just a strategic advantage, it's a business imperative. We look forward to a long future of progress and success, and we encourage you to consider your own organization's efforts for building a better workforce, workplace and marketplace for people with disabilities and their families.

**Network:** The Disability Matters Conference provides a highly engaging networking opportunity for over one-hundred fifty like-minded professionals, all with a passion and dedication to appropriately and successfully support and engage people with disabilities as employees and consumers.

Join us and our Host, Shell International for an experience you will never forget and one that will benefit your company long after the conference ends. To obtain additional information and to register,
